

Soft Blood Glucose lancets

Soft Blood Glucose lancets are intended for blood glucose measurement. The soft lancets are universal and compatible with most lancing devices especially our Compact Eject. The range includes standard soft lancets and siliconized soft lancets available in different sizes.

GOOD BLOOD FLOW

Triple ground needle point.

VERSATILE

Fit most commonly used lancing devices including the Vitrex Compact Eject lancing device.

PATIENT SAFETY:

Single-use only. Sterilised by gamma irradiation.

CONVENIENT

Boxes have dispensing feature.

NEW SILICONIZED NEEDLE

For less pain and smoother penetration.
