Item No. 1000024402

1000024402

Product Description

Bambo Nature disposable swim diapers feature a soft, elastic fit all the way around the waist, giving your baby a highly comfortable and flexible experience in the water. The swim diapers are designed for use in water with double leak barriers to keep the water clean and free from accidents. Bambo Nature swim diapers are dermatologically tested and certified according to the Nordic Swan Ecolabel, EU Ecolabel, Asthma Allergy Nordic, FSC® (Forest Stewardship Council), and STANDARD 100 by OEKO-TEX.

Packaging disposal: Can be recycled or incinerated.

Baby diaper, swim diaper, Bambo Nature, M, 12+ kg

- Designed for use in water
- Soft, flexible fit
- Double leak barriers
- Easy tear-open sides
- Totally chlorine free (TCF fluff)
- Ocean-inspired print

Instructions for Use

Put the swim diaper on your child before entering the water. Most public swimming pools require swimwear to be worn over the diaper for extra protection. When the diaper is soiled, you can easily change it by tearing open the sides. Wash the child and replace with a new swim diaper.

Pack | 12 pcs | 10 cm | 14 cm | 22.5 cm | 5703538485947

Certifications and Labels

The Nordic Swan Ecolabel is the official Scandinavian environmental label. Products carrying the label meet strict environmental requirements regarding raw materials, production, use, documentation, and safety.

FSC® (Forest Stewardship Council) is an international non-governmental organization dedicated to promoting responsible forest management worldwide. FSC® Mix means the product consists of a mixture of FSC-certified wood and recycled materials.

Asthma Allergy Nordic confirms that the product is recommended by experts from Asthma-Allergy Nordic. Products with this label contain no perfume and pose a minimal risk of developing skin allergies.

OEKO-TEX, also known as 'Confidence in Textiles', is a health and environmental label used

worldwide.

Products with the Vegan Society certification contain no animal-derived substances and are not tested on animals.

The EU Ecolabel is the official environmental label of the European Union.

Additional Product Information

The Dermatologically Tested symbol guarantees that the products have been tested for potential skin-irritating substances by an independent third-party laboratory.

Effective leak barriers, both visible and invisible, together with latex-free elastics ensure a good fit and reduce the risk of leakage.

The product is fully breathable, making it comfortable and skin-friendly to use, even over extended periods.

Bags marked with this symbol are made from at least 60% PCR plastic (post-consumer recycled), meaning plastic materials previously used by consumers. This helps reduce plastic waste and supports environmental protection.
