

## KLINION - Zinc Ointment

### Description

Moisturizing, liquid-repellent zinc ointment with 20,5% fat content for skin protection. The Klinion Personal Care Body Zinc Ointment is for reddened and irritable skin, this mild and liquid-repellent zinc ointment creates a protective layer of film on the skin. The ointment is suitable for protection and treatment of skin in the diaper area. Non-allergenic ingredients make Zinc Ointment particularly well suited for use in infant care.

### Product information

In compliance with: Cosmetic product regulation EC 1223/2009
