

Product Data Sheet

1.0 Name of the product	Hypafix® / Leukoplast® hypafix®													
2.0 Product description														
2.1 Description	Hypafix® / Leukoplast® hypafix® consists of white, width-wise elastic polyester non-woven backing which is coated on one side with UV-cured acrylic adhesive. The adhesive area is covered completely with backside printed, one-side siliconized release paper with lateral split liners. (products 71449-07, 71449-08 and 71449-09 have no split)													
2.2 Intended purpose	Hypafix® / Leukoplast® hypafix® is intended for wide-area fixation of wound dressings, particularly on joints as well as on frequently moved and contoured parts of the body. The product can also be used to secure fixation of tubes, catheters, measuring devices and instruments.													
2.3 Instructions for use	Instructions for use not necessary for class I/Is/IIa products.													
2.4 Warnings and precautions for use	No warnings and precautions applicable for this product.													
2.5 Contraindications	There are no known contraindications.													
2.6 Transport Precautions	Dry, clean and without exposure to direct sunlight													
2.7 Duration of application Period of use	The product can be used for one day to several days depending on the status of the wound and on the skin condition.
