## Features

- Soft and comfortable
- Quick and easy to apply
- Laminated nonwoven wound pad to prevent adherence to the wound
- Elastic nonwoven backing
- Rounded corners to prevent rolling edges
- Medical grade acrylic adhesive

## Precautions

- Single use
- Do not re-sterilize
- The wound area should be clean and dry before applying the dressing
- Do not stretch the dressing and/or the skin when applying to prevent possible skin injury and/or pain
- Do no use on patients with a known sensitivity to any of the products components

# Product Specifications

## Specifications

Component	Material
Carrier/backing layer	Spun-lace viscose/polyester nonwoven
Adhesive	Pressure sensitive acrylate
Non-adherent wound pad	Nonwoven
Release liner	Silicone-coated paper

Performance Characteristic	Specification	Test method
180° Peel Strength	≥1N/cm	GB/T2792-2014
Holding power	>5min	GB/T4851-2014

## Presence of specific components

Component	Present
Latex	No
Phthalates	No
Substances of animal origin	No
Substances of human origin	No
Blood or blood derivatives	No
Medicinal substances	No

## Sterilization

EO-sterilized.

## Storage conditions

The products should be stored in the original packaging, in a cool, well-ventilated and dry place, protected from direct sunlight.

# Product Specifications

## Shelf life

Kliniplast® Border has a shelf-life of 5 years from production date, when stored under specified conditions.
